Planning

- **Strategic Planning**
- **Change Management**
- **Communications Planning**
- **Project Planning**

Successful organizations not only know where they are going, but understand where they have been. H2PC helps organizations gain insight into the internal and external factors that affect their business on a daily basis, as well as those **risks and opportunities** that may be on the horizon. Our **integrated planning** delivers unmatched capability to support our clients' strategic decisions.

Execution

- **Scorecards**
- **Dashboards**
- **Portfolio Governance**
- **Performance Metrics**
- **Process Improvement**
- **Project Management**

Given the ever increasing demand on businesses and government to continuously innovate and to **do more with less**, measuring performance is becoming ever more critical to our clients' organizational overall success.

H2PC services helps our clients plan, design, implement, and track progress to objectives and operate more effectively. We work with

our clients to identify their organization's performance relevant data and turn it into **meaningful information** that managers can use to make decisions. We can design and help implement dashboards that collect and display key business indicators using various vendor products.

Technology

- **Collaboration**
- **Work Flow**
- **Communication**
- **Reporting**
- **Metrics Collection**
- **Performance Measurement**

It is our goal to help our clients **plan for the future by reducing complexity, improving productivity, and implementing the tools** to help do both. H2PC is dedicated to identifying processes and methodologies that can help our clients' businesses succeed, as well as tools to help manage and sustain those processes. H2PC combines proven approaches with innovative tools designed to support our clients' organizations.

Change

- **Technology Roadmaps**
- **Technology Portfolio Management**
- **Enterprise Architecture**
- **Metrics Analysis**
- **Microsoft SharePoint Deployment**

In a fast changing business world, it is critical to achieve alignment of your business objectives with your technology environment. H2PC works with organizations to **evaluate existing architecture** and to develop technology roadmaps that support business goals. We offer **Microsoft SharePoint** deployment services to deliver business intelligence dashboards that monitor and measure key business indicators.

Talent

- **All PM consultants are certified PMPs**
- **60% have advanced degrees**
- **30% are prior military officers**
- **80% possess complimentary industry certifications**
- **Average 9.5 years consulting experience**

H2PC also serves as an experience broker providing successful organizations with the outstanding talent they need on a short term basis across a range of technical and managerial disciplines. H2 partners with their clients to achieve **tangible results** and immediate value, utilizing a **"best team"** approach to leverage the right people in the right place to deliver appropriate solutions. By making use of a broad portfolio of tools, templates, and processes, as well as **experienced consultants**, H2PC delivers extraordinary value, evidenced by high customer loyalty and referral.
